

FY26 PRODAPT PERFORMANCE ASSESSMENT (P1-P3B) FOR [RAKESH B.R](#)

Manager: [A A Millar](#)

▼ OVERVIEW

Welcome to Performance Management Process !

This is a collaborative approach wherein the Prodaptian and manager work together to plan, monitor and review the Prodaptian's goals, job trajectory and comprehensive contribution to the company during the performance appraisal cycle that runs from April to March.

Here is your opportunity to review and document your progress, record key contributions in the year and set Goals for your future growth and development in Prodapt.

Should you have any process related questions, please reach out to your HR business partner.

Should you have any question/ issue related to tool, please raise a HR helpdesk ticket.

▼ KRAS

As part of goal setting for FY 26, you are required to follow the steps below:

Step 1. Refer the relevant [Career Stream-Goals Document](#) mentioned below and choose the one relevant to your work. If your current role doesn't match any, you may have to discuss with your manager and create your KRAs from scratch.

Step 2. If you find a matching Career Stream, please look for the career role in it matching yours. You shall find indicative KRAs and weightages mentioned in the document. Please discuss with your manager and pick KRAs matching your work and weightages for each KRA.

If in doubt, please discuss with your manager / CDP for more clarity.

▼ COMPETENCIES

Here you can find the set of competencies that enables the organization and Prodaptians to achieve the next phase of growth.

These competencies are common across the Organisation. However, the appropriate set of competencies with the proficiency level will be selected based on your Grade / position by your supervisor.

The focus of the competency-based performance review is on the behaviours and how the behaviours tie back to successful execution of the goals.

Weighting of the Competency section: 20%

Competencies: P2- Grade[Adaptability \(L1\) - Is open to change](#)

20%

Met Expectations

Exceeded Some

It is the ability to respond to differences and changes in the external situation, the customer or the business environment; taking a flexible approach to reach business outcomes

Employee's Year-end Comments

I adapted quickly to changes in customer requirements and project priorities. I remained flexible, adjusted plans proactively, and ensured progress even when dependencies shifted.

Manager's Year-end Comments

consistently met and, at times, exceeded expectations across all assigned tasks

Customer Service Orientation (L1) - Makes self fully available	20%	Met Expectations	Exceeded Some
--	-----	------------------	---------------

It is the ability to take ownership to deliver quality service to customers and create a high degree of customer delight, customer loyalty, referrals and an overall growth in size of the relationship/partnership. This includes the ability to actively and proactively anticipate, understand and address the changing needs of the customer. Customer orientation is applicable to both, external as well as internal customers.

Behaviors

Customer Service Orientation - Corrects customer service-related problems promptly and defensively

Employee's Year-end Comments

I made myself fully available for customer needs, took ownership of issues, and ensured timely and professional resolution. I maintained proactive communication and worked to understand and address changing customer expectations effectively

Manager's Year-end Comments

consistently met and, at times, exceeded expectations across all assigned tasks

Works towards meeting a set/established standard or a standard set by someone else, in adherence with expected quality parameters (Time/Cost)

- Demonstrates a can-do attitude to achieve goals/results
- Displays ownership of his/her work and checks own work to ensure accuracy and quality adherence
- Asks for feedback for self-improvement; tracks performance against self-imposed measures of excellence; strives to do an exceptional job

Behaviors

Ownership and Improvement - Asks for feedback for self improvement; tracks performance against self imposed measures of excellence; strives to do an exceptional job

Employee's Year-end Comments

I took ownership of my deliverables, ensured quality and timely completion, and consistently worked with a can-do attitude. I reviewed my work for accuracy, sought feedback for improvement, and pushed myself to achieve high standards

Manager's Year-end Comments

consistently met and, at times, exceeded expectations across all assigned tasks

Initiative (L1) - Acts decisively

20%

Met Expectations

Exceeded Some

- Reacts quickly with a sense of urgency
- Is decisive in a crisis situation
 - Takes resolute action in a time sensitive situation
 - Acts quickly and decisively when other people might wait and see

Behaviors

Initiative - Acts quickly and decisively when other people might wait and see

Employee's Year-end Comments

I consistently demonstrated initiative by responding with urgency, making timely decisions, and taking decisive action when unexpected challenges arose. Instead of waiting for direction, I proactively intervened to resolve issues, ensuring continuity and minimizing impact on delivery.

Manager's Year-end Comments

consistently met and, at times, exceeded expectations across all assigned tasks

Analytical Thinking (L1) - Breaks down problems

10%

It is the ability to understand a situation, issue, problem etc. by breaking into a smaller pieces or tracing the implications of a situation in a step by step way. Analytical Thinking includes organizing parts of a problem, situation etc., in a systematic way.

Behaviors

Analytical Thinking -

Employee's Year-end Comments

I consistently broke down problems into smaller parts, analyzed them systematically, and identified root causes to make clear, informed decisions.

Manager's Year-end Comments

consistently met and, at times, exceeded expectations across all assigned tasks

Technical Learning Agility (L2)	10%	Met Expectations	Exceeded Some
1. Independently identifies opportunities to apply GenAI (and other emerging technologies) to improve quality or speed of work in own tasks or small team activities. 2. Iterates on prompts, configuration, or tool settings to improve GenAI outputs, documenting what works and what does not for future reuse. 3. Regularly updates skills through online courses, internal learning platforms, or communities of practice focused on GenAI and adjacent technologies. 4. Evaluates at a basic level the reliability, risks, and limitations of GenAI outputs (e.g., checks for hallucinations, bias, data privacy issues) before using them. 5. Shares simple how to tips, examples, or reusable prompts with team members to help them adopt GenAI and other new tools in day to day work.			

Employee's Year-end Comments

I actively learned and applied GenAI tools to improve my work, iterated on prompts to enhance accuracy, and shared useful tips and reusable examples with my team. I also updated my skills through online learning and carefully evaluated GenAI outputs for reliability and risks.

Manager's Year-end Comments

consistently met and, at times, exceeded expectations across all assigned tasks

▼ DEVELOPMENT PLAN

This section displays all development activities assigned to you for the performance period configured in the performance management form to help identify & manage the gap to succeed in achieving the desired results.

It emphasises on a continuous year-round development allowing you and your manager to track completion of activities and comment on improvement aspects.

Previous Year Rating

Employee's Mid-year Comments

Manager's Mid-year Comments

Employee's Year-end Comments

This year, I delivered consistently while contributing to automation, accelerators, and SOP creation that improved team efficiency. I maintained strong customer focus - managing escalations, communicating transparently, and mitigating delays due to customer dependencies. I collaborated well across teams, adapted quickly to changing priorities, and took initiative in resolving issues. I progressed on my development plan by completing several courses and enhancing my GenAI skills, with remaining modules planned to

Manager's Year-end Comments

Delivered good testing results with minimal oversight, proactively took ownership on delivery of the application and enabling smooth handover.

complete early next month. Overall, I focused on quality delivery, continuous improvement, and teamwork.
